Welcoming Remarks

"Welcome, everyone, to 180DC UGM's Open Recruitment!

It's especially meaningful for me to be here today because I once walked in your shoes wondering what I should be doing during my time at UGM. In August 2023, I applied to join 180DC UGM as an analyst, but I didn't make it past.

Deciding to try again in the next cycle remains the best decision I've made in college. Over the past two years, I've learned so much at 180DC, both technical analysis and invaluable soft skills, and I still believe that 180DC is the best place to grow and bridge the gap between students and the professional world.

So take a deep breath, embrace the process, and let your passion for impact shine through. We're thrilled to announce this Open Recruitment, and we can't wait to see how you'll contribute to the next chapter of 180DC UGM. Good luck!

Cornelio Anggita Maheswara S.
President

ABOUT

us

180 DC UGM

180 Degrees Consulting meets the needs of non-profits by providing very affordable, high-quality strategic and operational advice by utilizing the untapped potential of top university talent.

180 Degrees Consulting is the world's largest volunteer-led consultancy for non-profits and social enterprises. With over 150 branches across 35+ countries and over 10.000 consultants.

Mission

- *Improve education, reduce homelessness, and alleviate poverty* by helping non-profits receive the support and expertise they need to improve and expand their services.

Provide non-profits with advice, future leaders with training and development, and vulnerable communities with more effective charity.

- 180DC UGM is committed to giving back to society and delivering excellent standards in everything we do, as illustrated by our university motto to be "Locally Rooted, Globally Respected". Yogyakarta has a robust social entrepreneurial ecosystem. Consists of Non-Profit Organizations, Non-Governmental Organizations, and SMEs.

Some of them sometimes face serious problems that threaten their existence and many of them need help to develop their organizations. We are there to help them by providing pro-bono consulting services by a qualified and trained student. We do what we do because we believe in effective charity, and because we believe in developing the next generation of social impact leaders.

WHAT WE *do as a* CONSULTANT

The consulting team is dedicated to tackling specific business challenges faced by clients. Working on various projects, their main output consists of deck deliverables that provide well-crafted solutions to the identified problems. Beyond just problem-solving, the team also offers strategic recommendations to clients, helping them optimize their business practices and achieve their goals effectively.

PROJECT TIMELINE

1

Onboarding & Project Team Allocation

September, Week 1

New members will be introduced to the organization, team structures, and workflow expectations.

2

Internal Mentoring & Case Competition

September, Week 1 - Week 4

A 4-week mentoring program designed to deepen your understanding of consulting. Experienced professionals will guide you through essential consulting skills and methodologies. The program concludes with an Internal Case Competition, where you'll apply your knowledge by solving a case and presenting a comprehensive deliverable.

3

Client Project Execution

Estimated start: October, Week 3

Approximately 8 - 20 weeks

Each team will work directly with a real client to identify problems, develop strategies, and create tailored deliverables.

EXCITING NEW OPPORTUNITY

Work alongside experienced consultants from Roland Berger

At 180DC UGM, we recognize that investing in our members' development is essential to ensure outstanding results for our clients. Therefore, **we are proud to partner with Roland Berger, a global strategy consulting firm** headquartered in Germany, with offices in over 50 countries—including Indonesia. As part of this collaboration, **each project team will be paired with a dedicated mentor from Roland Berger**, allowing each of our members to:

- Receive ongoing guidance and **constructive feedback** from professionals
- Gain **exposure to consulting methodologies** from a top-tier global firm
- Build meaningful connections with consultants who serve not just as mentors, but as **gateways to future opportunities**

Requirements & Description

#plsfix

General Requirements

(01)

Enrolled in UGM as an active student from batches 2022 - 2025

(02)

Highly interested in the consulting industry, non-profit organizations, and social entrepreneurship.

(03)

A professional manner and sound work ethic.

(04)

Proven excellence in communication, organizational and teamwork skills.

(05)

Ability to critically evaluate problems to propose structured solutions.

(06)

Time to dedicate towards 180 Degrees Consulting UGM.

Project Leader

Requirements

- Must be an active student of UGM batch 2022-2025
- Genuine interest in consulting.
- A professional manner and sound work ethic.
- Highly talented and possess experience in consulting.
- Proven excellence in internal and external communication
- Time to dedicate to 180 Degrees Consulting (10 hours per week).

Job descriptions

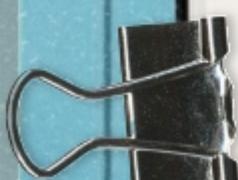

- Lead the project team consisting of project analysts and act as a point of contact between clients, mentors, and 180DC at UGM Directors
- Create project scoping and plan to craft deliverables
- Implement the standard of Project Management (from project initiation to closure) into practice
- Ensuring all deliverables are completed as scheduled.
- Quality control and compilation of deliverables, typically in the form of a final report and team presentation to the client.
- Attending all 180DC events, training, and mentoring sessions
- Willing to commit for 6 months for the organization, and attend a schedule bi-weekly meeting and management review
- Managing all relations and communications with their clients.

Testimonial: **Rafael Wicaksono H.** Co-project Leader

How have the experiences, skills (soft and hard), and network that you gained at 180DC contributed to your broader achievements?

Joining 180DC UGM as a Co-Project Leader gave me the rare chance to work with a real client in a professional, consulting-like environment. Leading four analysts alongside the Project Leader, I ensured the project stayed on track, aligned with shifting client objectives, and maintained high-quality deliverables. Starting without prior organizational experience, I had to adapt quickly, especially when goals changed mid-project. With guidance from the 180DC BoDs, I learned to manage uncertainty, lead effectively, and deliver impactful recommendations. The role strengthened my business acumen, logical thinking, and communication skills while unexpectedly sharpening my presentation and leadership abilities, improvements that have since boosted my case competition results, internship performance, and overall problem-solving approach.

Project Analyst

Requirements

- Must be an active bachelor student of UGM batch 2022-2025
- Purpose driven and highly committed to 180DC UGM
- Professional manner and responsible work ethic
- Able to work proactively in teamwork settings
- Possess a high level of interest and commitment to learn in terms of consulting skills
- Must be fluent in both English and Bahasa Indonesia
- High level of critical thinking and business acumen
- Time to dedicate to 180 Degrees Consulting (10 hours per week).
- [+] Possess valuable connections with consulting or prominent companies in Indonesia, potentially contributing to the accelerated growth of 180DC UGM's portfolio

Job descriptions

- Drive creation of project deliverables and involved in data collection, analysis, research to create problem-solving and creative ideation
- Attend schedule bi-weekly meetings
- Combine findings and recommendation
- Create deliverables (physical report and summarizing research)
- Maintain constant flow of communication with client
- Meet with client and deliver final presentation
- Willing to commit for 6 months for the organization
- Attending all 180DC events, training, and mentoring sessions

Testimonial:
Muhammad Burhanudin B.
Project Analyst

What motivated you to join 180DC UGM, and why did you choose it over other student-led consulting organizations?

Joining 180DC as a Project Analyst in my 4th semester marked a turning point from merely aspiring to join a high-caliber, English-speaking consulting environment to confidently delivering value to a real client. Initially, I struggled to build issue trees, conduct in-depth research, and turn fragmented insights into a client-ready deck. With my Project Leader's patient guidance, I moved from relying on generic frameworks to crafting context-driven solutions. The steep learning curve paid off when our client's smile validated weeks of late nights, countless revisions, and intense brainstorming. Beyond honing business acumen, critical thinking, time management, and English communication, the experience reshaped how I solve problems in both academics and competitions.

How To Apply

- 1. Access our website**
- 2. Open and fill the form according to your desired roles.**
- 3. Attach the necessary documents required (within the form)**
- 4. Submit the form and wait for further announcement.**

Do read our guidebook **BEFORE** applying for the role!
